

Longfellow Children's Center Afterschool Program

The Longfellow Children's Center (across the parking lot from the Longfellow Club) offers a comprehensive, physically active after school program for children in Sudbury, Wayland and Framingham schools. We cater to kids in kindergarten through fifth grade, with transportation provided from school to our center. Parents may choose any number of days per week, from one to all five. Activities include teacher assisted homework help sessions, sports and gym games, basketball, tennis, swimming, cooking class and art class with our own kiln and wheel. You may also take advantage of the Longfellow Club's famous tennis and swim lessons for an additional fee and we will get your child to and from the lesson. We will keep your child active and engaged every day! Call us for more information and an enrollment packet @ 508-358-0710

Hours and Cost

Longfellow Children's Center After School Program is open Monday through Friday. The hours are 2:45 – 6:00 pm each week that school is in session. We are also open earlier when Sudbury, Framingham and Wayland Schools have early release (each school system has a different release time and we anticipate that).

For snow days and other holidays we follow the Sudbury School calendar.

There is a non – refundable registration fee of \$25.00 per child. This fee is waived if your child(ren) re-enrolls for the following year.

Many children sign up for swim lessons and/or tennis lessons, for an additional fee, while here at Longfellow. Our staff can take your child to and from the swim lessons and/or tennis lessons.

Daily Activities

All our activities promote the child's physical, intellectual, emotional and social well being and growth. We encourage the children to make decisions during our group meeting regarding activities and allow them to make choices on how they would like to spend their time. We allow them to spend some time alone for quiet time or just hang out with friends.

We also encourage the children to bring their interests to the program and share them with others. We will offer different areas of activity in recreation and cultural enrichment. All of our activities are age appropriately developed for elementary children.
